This request has the approval of both the Plan Commission and Traffic Engineer. City Light is the only utility requiring an easement in connection with the vacation. A copy of their recorded grant is attached.

Mr. Charles Jacobs is anxious to start constructing a building at this location. Since the only two property owners involved favor the vacation, and the City has no apparent objection, we suggest you furnish Mr. Jacobs with a letter of tentative approval.

Mr. Charles P. Jacobs

Dear Sir:

This has reference to Declaratory Resolution No. 1210-1968, which provides for the vacation of Ewing Street, as originally platted in Ewing's Addition, from the north property line of Superior Street to its northern terminus at the St. Mary's River. The above described Resolution is being adopted today by the Board of Public Works and we must necessarily follow the legal procedures before it can be confirmed and officially recorded by the Abstract companies.

Pursuant to the required easement already granted and recorded and that the only other property owner involved favors the vacation, the Board of Public Works does hereby grant permission for you to proceed with whatever improvement you propose for the area, including your half of the street in question.

We understand you propose building on the lot to the east of the proposed vacated street and that said building will extend into the street approximately 20 feet. When this vacation is final, you will receive 33 feet of the 66' street.

Since we know there can be no objection to said vacation, you may use this letter as authority to apply for whatever permits are necessary in regard to the improvements you propose.

Very truly yours,
